PROFESSIONAL SUMMARY

Passionate Full Stack Developer with foundational skills in front-end and back-end technologies. Seeking to apply my knowledge and internship experience to real-world projects in a dynamic environment, contributing to innovative solutions while growing professionally.

EDUCATION

B.Tech (2020 - 2023)

KG Reddy College of Engineering & Technology, Moinabad

Branch : CSE

Diploma (2017 - 2020)

Bandari Srinivas Institute of Technology, Chevella

Branch : CSE

TECHNICAL SKILLS

- **Front-end** : HTML, CSS, JavaScript, ReactJs, Web Design
- **Back-end** : Java, JDBC, JSP, Spring Boot, SQL
- **Tools & Technologies** : Git, Figma, VSCode, Postman, STS Tool, Eclipse

CERTIFICATION

Full Stack Developer | ExcelR Solutions

- Achieved Full Stack Developer certification from ExcelR Solutions, showcasing proficiency in front-end and back-end development.
- Certified Full Stack Developer skilled in front-end frameworks, server-side languages, and API integration, ensuring robust application development and deployment.

Experience

Full Stack Developer | AI Variant (6 Months)

- During my 6-month internship at Ai Variant, I actively contributed to the development of scalable web applications, gaining hands-on experience with both front-end and back-end technologies.
- I collaborated closely with senior developers to implement features, debug issues, and optimize application performance.

PROJECTS

Employee Management System

- User Authentication and Authorization: Secure login with role-based access control.
- Employee Profile Management: Comprehensive profiles with personal, contact, and job-related information.
- Admin Dashboard: Tools for overseeing employee data and managing administrative tasks.
- Responsive Design: Ensures optimal performance across various devices.

E-commerce Website

- Created responsive front-end with React.js and CSS3.
- Built robust back-end services with Spring Boot.
- Implemented RESTful APIs for product listings, user management, and orders.
- Managed data storage with SQL.
- Ensured secure user authentication with JWT.
